Conditions of Sale

PRICES, ETC.

The prices named in this list cancel all previous lists. They are based on current market conditions and are subject to change without notice.

TERMS

PRICES: F.O.B. NURSERY AT KINGSTON, N. J.

To those with an established record for prompt payment or with satisfactory references, we are glad to extend our regular terms at thirty days from date of invoice.

2% DISCOUNT will be allowed for payment in ten days from date of invoice.

5% DISCOUNT will be allowed for **CASH IN FULL WHEN ORDER IS PLACED**, providing digging or delivery is scheduled for not less than thirty days from date of order.

Orders for **shipment C.O.D.** must be accompanied by a remittance for one-third of the amount to insure acceptance. These are our only terms and no salesman or representative is authorized to alter them in any way unless confirmed from the office in writing.

CLAIMS

All sales are made with the understanding that we shall not be liable in event of crop loss, or of damage from other causes over which we have no control.

We will gladly correct any errors, but **we cannot entertain any claims that are not made within ten days after receipt of the stock or are made after the stock has once been accepted.** Claims should be made promptly in writing on receipt of stock.

Plants become your property upon delivery to transportation company and we cannot be responsible for loss, damage, or delay in transit.

All orders booked are based on the distinct understanding that the purchaser agrees to the condition of sales as stated above.

SCHEDULE OF B&B CHARGES

The following charges are made to cover additional cost of balling and burlapping deciduous trees and shrubs that are not listed B&B. The size of ball for most stock is in accordance with the A.A.N. "Horticultural Standards" recommendations.

These charges are based on a **carefully dug**, solid ball of earth, laced with rope or wire, and handled according to the best nursery practice.

TREES, SHRUBS AND SMALL TREES

Diam. of ball	Size	Estimated Weight	Each
10"	18/24"	30 lbs.....	.75
12"	2/3'	45 lbs.....	1.15
13"	3/4'	60 lbs.....	1.90
15"	4/5'	75 lbs.....	2.40
16"	5/6'	100 lbs.....	3.00
18"	6/8'	150 lbs.....	4.25
21"	8/10'	225 lbs.....	6.00
24"	2" cal.	300 lbs.....	8.25

The above charges apply only F.O.B. NURSERY. We will be glad to estimate a delivered price based on the terms of delivery noted below.

Ball depth will normally be not less than 60% of the diameter, and in all cases is adjusted so as to encompass a maximum of the fibrous root system of the plant.

BOXING CHARGES

Length	12x15"	15x16"	17x20"	19x24"	23x28"	27x32"	32x36"
4'	\$1.40	1.60	1.90	2.40	2.60	3.00	2.60
6'	2.10	2.40	2.85	3.60	3.90	4.50	5.40

14'	4.90	5.60	6.65	8.40	9.10	10.50	12.60

Packing charges are at cost and represent the actual cost of the material used in the operation. No charge will be made for loading bulk truck or car lots.

DELIVERY SERVICE

Although we maintain and operate a number of trucks for delivery of our orders and for which a reasonable charge is made, it is very difficult for us to attempt to deliver the vast volume of material we produce and we strongly urge that our customers send their own trucks, or hire local trucks, to pick up their orders here at the nursery as soon as we send notification that orders are ready.

When you send your trucks for material, we will be very glad to load the stock carefully with our help and supply ample quantities of good damp packing material, without extra charge. We will handle the loads to the best of our ability and can even make arrangements to load your trucks in the evening, if necessary.

Be sure to bring tarpaulin or suitable coverings to protect the plants on the truck, so they will not dry out on the road.

DELIVERY CHARGES ARE NET AND DUE WHEN STOCK IS DELIVERED.

DELIVERING AGENT OR DRIVER WILL COLLECT THIS CHARGE WHEN DELIVERY IS MADE.

"CARLOADS" AND FREIGHT SHIPMENT

With our own railroad siding connecting with the main line of the Pennsylvania Railroad and a daily pickup service on L.C.L. and express shipments, we are in a position to expedite shipment to you without delay. Consult your local agent for rates to Monmouth Junction, N. J., or write us and we will gladly take care of it for you.

GUARANTEE OF GENUINENESS

We will send out healthy, thrifty stock, true to name. If any nursery stock proves untrue to description or variety name under which it is sold, we hold ourselves in readiness, on proper proof, to replace free of charge such stock that may prove untrue to description or name, or refund the original amount paid. We shall in no case be liable for any sum greater than the amount originally received for said stock.

COME TO SEE US

If you come by rail, use Pennsylvania Railroad and get off at Princeton Junction. Call Princeton 1-1776. We will send a car for you.

If you come by automobile our nurseries are on U. S. Highway No. 1, about ten miles northeast from Trenton. Watch for our signs.

NOTES IN EXPLANATION OF CATALOGUE

The figures following each variety indicate in feet the approximate height of that plant at maturity. Ample allowance has been made for the many physical factors that tend to modify the growth of plants in cultivation.

The botanical and common names are largely taken from the 1924 edition of "Standardized Plant Names." Changes in nomenclature according to the revised "Second Edition," which have not become generally familiar to the trade, are shown in parenthesis and cross-indexed for reference.

Our standard of grading all plants is based on a schedule which has been adopted by the American Association of Nurserymen.

To facilitate the handling of orders and to enable us to render you quicker and better service we desire where possible, especially in deciduous material, that orders be made in multiples of 10. Many varieties are tied in 10's when graded. Your cooperation will be appreciated.

OUR GLEDITSIA INERMIS

THORNLESS HONEYLOCUST

For a number of years we have been striving to produce a Thornless Honeylocust with the outstanding characteristics which are so evident in this picture (photographed August 27, 1955).

Our long effort has resulted in the development of what we consider the **FINEST THORNLESS HONEYLOCUST AVAILABLE.**

OUTSTANDING CHARACTERISTICS ARE:

1. Straight strong trunks

2. Ascending branches

3. Rapid growth

4. Requires no staking

5. Deep roots

6. Drought resistance

7. Does not heave sidewalks

8. Grass will grow right up to trunk

9. Transplants easily
10. Heavy dark green foliage

11. Holds foliage late in season

12. Freedom from diseases and insect pests

13. No leaf raking in the fall

14. Forms unbelievably symmetrical tops—A radical departure from other Honeylocusts.

This is the street, lawn and park **"TREE OF TOMORROW."**

Limited supply available this fall.

TO ASSURE BEST RESULTS in transplanting all kinds of nursery stock, we recommend the use of “Wilt Pruf” or similar preparations to be used at the time of planting.

Our experience has been that such treatment is definitely very beneficial and that both evergreen and deciduous plants respond quickly and vigorously through the protection given by the treatment.

SPECIAL OFFER — ASSORTED SHRUBS

Our selection includes all desirable varieties for landscape plantings.

Many of our customers have asked us for assorted shrubs where the varieties do not have to be specified. We are, therefore, offering two groups of shrubs this season. The varieties used will naturally be made up of items that we have in good supply at the time.

	100 or more	1000 or more
GROUP A—Shrubs, 2 yr. Average 2 ft. or more, including many good ornamental varieties of Cornus, Deutzia, Spirea, Lonicera and others.....	.40	.30
GROUP B—Shrubs, 3 yr. Average 3 ft. or more, including many good ornamental varieties as above.....	.45	.35

We may also from time to time have special offers of assorted SHADE TREES, SMALL EVERGREENS, or other items. Consult us first and take advantage of the savings involved.
